### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

Claim 22 is allowable because the teachings of the prior art taken as a whole do not show or render obvious the combination set forth, including: the prior art reference DE 2915241 discloses a first compressive system 26 and a second compressive system 33. However, the second compressive system 33 is secured to the tension member 10 by a screw hole 34. Therefore, DE 2915241 fails to teach or disclose "mechanical deformation of the tension member only when slippage of the tension member through the device first occurs."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to EVAN H. LANGDON whose telephone number is 571-272-7057. The examiner can normally be reached on Monday through Friday, 8:30 am - 5 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael Mansen can be reached on 571-272-6608. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
